

### Hampshire County Councillor Report April - Candovers Oakley and Overton Division

### **Highways Information**

\*\*Additional road repairs funded by HS2\*\*

The Government's cancellation of HS2 resulted in local councils being given additional funding to bring forward road repairs in this financial year and in each of the next 11 years.

Hampshire was awarded £4.22 million last year and this which has meant we are able to bring forward additional road improvement schemes into this year's programme.

You can read the full list here:

I don't have dates for this work as yet but it will undoubtedly be before the autumn. I will of course advertise the dates well ahead of time.

I thought it might be helpful therefore to share this with you. The Hampshire County Council website has a copy of the definitive map, which shows you in detail all of the byways, bridleways and public footpaths in the county.

The map can be accessed here: <a href="https://maps.hants.gov.uk/rightsofwaydefinitivemap/">https://maps.hants.gov.uk/rightsofwaydefinitivemap/</a>

The image below is of the 'larger map', to which there is a link at the top of the page.

### **Big Changes Coming to Hampshire County Council Offices**

Hampshire County Council is set to review proposals this week aimed at reducing office accommodation across the county. This move is all about consolidating staff into fewer buildings and saving those precious pennies on running costs.

What's the plan? The strategy will roll out over the coming years, focusing on adapting to changing work patterns and making sure the council's facilities are up to snuff. With many staff working remotely or directly in the community (think local services like social care for our vulnerable neighbours), it's clear that the way we work is evolving.

This isn't just about cutting costs. It's about ensuring access to public services remains robust for everyone in Hampshire. From libraries to register offices, no public service closures are on the table—just smarter use of the space we have.

This is all about staying efficient, effective, and, most importantly, close to the community's heart. While some staff might see changes in their work locations, the goal is to keep everything running smoothly without a hitch to services or the public.
